## Breaking nudes...

A JOKER turned a city's night sky blue after flashing up cheeky messages on to the side of a 100ft-high art installation.

Revellers laughed as phrases like "Send nudes", "I am really high", "Faq it" and "Ejaculation" beamed out.

Vicky Owens, 34, caught it all on camera.

She said: "It was very funny. All sorts of crazy stuff was coming up."

The City Speaks project invites people to talk into a microphone as their words are transcribed into giant neon letters on Hull's tidal barrier.

It is part of the City of Culture celebrations.

Ben McKnight, director of communications for Hull 2017, said: "There is a filter in place to block offensive words."
